

## DISABILITY ACCESS

Stanley Grove Primary School is made up one main building, across three floors.

All parts of the building are wheelchair accessible, we have a lift located at the main school office entrance and so access to the other floors is possible.

To ensure the best possible access for pupils, parents and visitors with disabilities the school's main entrance leading to the school office has easy access and the main school building can be accessed via the external ramp.

There are a number of disabled toilets available for wheelchair users if the need should arise. We have 3 designated disabled parking bays for use, and any visitors who arrive between 9am and 3pm when the car park is locked, can call 0161 224 9495 and we will send a member of staff to allow visitor access.
